Dewan's Office,

Bangalore, 9th April 1927.

Dear Sir,

As the Dewan is visiting Anekal on the 12th instant, I am desired to request you to be so good as to furnish by the 11th, available information on the marginally noted subjects.

Yours sincerely,

(Sd) M. S. Ramachendra Rao.

Private Secretary to Dewan.

1. As their income is meagre, a lumpsum grant may be made annually from State Funds.

2. The Municipal Council is too poor to make good the loss sustained by the Telegraph Department in maintaining an office there. It may be excused from the liability of paying the difference between the actual realisations and theminimum guarantee.

3. Owing to paucity of Municipal Funds, the District Fund -- Roads passing through Municipal limits may be maintained by the District Board.

4. A Lady Doctor may be stationed in the place.

The Senior Surgeon's opinion has to be obtained in the matter. But in view of the urgency of the matter the following note is submitted for perusal. The question of posting a lady officer to the Local Fund Dispensary at Anekal depends upon the willingness of the District Board, Banga District and the Municipal Council of Anekal to bear their quota of the cost of the additional expenditure involved in the proposal.

Additions and alterations will have to be made to the existing hospital building to make it suitable for a combined institution to men and women.

The details connected with these matters have to be worked out before Government can take any further action.

Reference is respectfully invited to the Dewan's order at para 74 on page 31 of the Note Subd for orders

Re KD 7/2 96) The S. Sé. recommendation is for consideration.

The original idea was to construct a dispensary building with an inpatient ward attached to it ~~as~~ at a cost of Rs (6,617 + 5980 =) 12,597, of which Mr. Sharabhanna would bear Rs 6,617 and the rest to be borne by the Distt Board and the Govt. in equal proportions. The plans and estimates were accordingly prepared and sanctioned by Govt.

97) Later on, under the orders of the Dewan, a revised plan was obtained from the Consulting Architect. This

was approved by Govt. The S.S. reports that the estimate according to this plan amounts to Rs 17,000 and that for a small out of the way place like Attibele, such a costly building with a provision for 8 beds is not necy. He is of opinion that a small rural type dispensary estimated to cost Rs 3,600 would be quite sufficient. (Mr. Sharabhanna has already deposited Rs 5000 and has agreed to put up the Compound wall also at his own cost). There is provision in this type of building for 2 beds.

98) The S.S's recommendation is for orders.

Para 2 of the Supt of Engrs letter (formerly an enclosure to the Chief Engrs letter) is not clear.

Whether the combined Dispensary, referred to, means a Dispensary, where both Males & Females could be treated, has to be ascertained ~~definitely~~.

Kind reference is invited in this connection to the notes in this file flagged R & V and to the Govt order dated 31-5-1929 flagged Q.

V

~~Govt~~ 7-11-1931 per the Deputy's Note for April 1930 is also kept up.

G.O. dd. 31-5-1929 Q

This Disp: was meant to be constructed at the cost of the Donor, who has already deposited Rs 5000. The question of an in-patient ward came in because the Donor also agreed to put up a compound ward at a cost of about Rs 1,600 if the Govt provided an inpatient ward in his Dispensary. The cost of this ward is estimated at Rs 5,800, of which D.B. have agreed to pay

NOTE—Contn. Sheet.

a moiety. They have not, however so far paid it. After they do so. Govt will have to pay the other moiety (Rs 2,900). ~~Both the whole money~~
The question of a Combined dispensary has not been raised in this file before and it may not be possible in the present state of the finances to consider it now. Whether it is at all necessary and whether laying a recurring cost on Govt have also to be considered

The main points for consideration at present are — the construction of the disp: by Mr Sarabha and in addition of an inpatient ward thereto. It is mentioned that the Donor has not returned the plans & estimates & nothing can be done until they are returned

Other points may be mentioned such the question of Combined disp does not arise at present & that further action may be taken by him ~~as regard so~~ as to get the plans & estimates asked for the Donor
